2018 Title

My Cousin Momo
by Zach O'Hora

Momo is coming to visit, and his cousins are SO excited! But even though Momo is a flying squirrel, he won't fly for his cousins' forest friends. Momo doesn't seem to know how to play the usual games, and would rather take pictures with his camera and observe nature. Then Momo's cousins take their parents' advice and follow Momo's lead, they realize that doing things differently can be fun.
